Feedback

We have tried to compile in this book the conversion tables that are more widely used, but we know that many are still missing. It is our intent to keep expanding on this and add more and more conversions in future versions of the book.

If you'd like to have a specific conversion table included or would like to bring anything to our attention or contact us for whatever reason; please, use the form on this page <http://www.cheatsheeting.com/feedback.html>
